## Service Hours Update

Starting the 2025-2026 school year, Bishop Dwenger High School is going to a digital service tracker called MobileServe. This tracking app will make it easier for students to not only keep track of their service during their entire time at Bishop Dwenger, but also allow easier and quicker validation of each of their service experiences. Students will also be able to access service opportunities and information through the MobileServe app. Each of the current BD students were set up with their account during the last weeks of school and should be able to log and verify their service experiences easily. The incoming freshmen will be receiving their account information and how to sign into the app with the incoming freshmen newsletter that should arrive early June.

The expectations for service have not changed too much. Each student is expected to complete a total of 20 hours of service for the year, 10 hours "flex" and 10 hours "list". **Seniors and Freshmen** focus on Flex Hours 1st Semester and then List Hours 2nd Semester. **Juniors and Sophomores** focus on List Hours 1st Semester and then Flex Hours 2nd Semester. Each of their logged experiences should be verified through an email to the supervisor of the service experience and a short paragraph reflecting on their experience. If a student is working toward the St. Mother Teresa Service Award they are expected to double their service hours, add a second verification of at least one photo of their service experience, and provide a two paragraph reflection on their experience.

Service hours are **due November 20, 2025**, first semester and **April 22, 2026** for second semester. With the help of the MobileServe app, we are excited to help students live out the pillar of *A Life of Service* and their call to be Christ's disciples to those in need. If you have any questions, please contact Cyndi Wolf, the BD Service Coordinator, at [cwolf@bishopdwenger.com](mailto:cwolf@bishopdwenger.com).
