COLLEGE DAY FOR SENIORS

Wednesday, October 16 is PSAT day at Bishop Dwenger, and seniors do not have school on this day. Please use the time to work on college applications, take a college visit, schedule a job shadowing day, or to finish your service hours. (Service hours are due on November 15.) The priority application deadline for many colleges is November 1. PSAT day is a day off from school and is a good time to plan and prepare for your future.

TRANSCRIPT REQUESTS

This is a reminder that when you are applying to a school using the Common Application, you must be sure to MATCH your Common App account with your Naviance account AND complete the Recommenders and FERPA section on the Common App. If you do not take these steps, **WE CANNOT SEND YOUR TRANSCRIPT TO ANY SCHOOLS.** If you need assistance with the use of Naviance or the Common App, please see your counselor. Be sure to bring your laptop with you.

SENIOR INFORMATION SHEET

If you have not yet completed your Senior Information Sheet, please do so as soon as possible. The Senior Information Sheet can be found in Canvas modules in Class of 2025 BDHS Seniors. The original due date was September 3.

TESTING

The SAT and ACT are administered at various local high schools. The cost for the SAT is \$68; the ACT costs \$69. Registration is available online at: SAT: www.collegeboard.org and ACT: www.actstudent.org. *Test fee waivers are available in the guidance office for students who qualify for free- or reduced-lunches and for students who are 21st Century Scholars. See your guidance counselor for a waiver.*

School Code: 151082

Test Date		Registration Deadline
	SAT	
October 5		September 20
November 2		October 18
December 7		November 22
	ACT	
October 26		September 20
December 14		November 8

Notes Regarding Testing

1. If you are pursuing the **Academic Honors Diploma** and you are **not** taking two AP/college classes, you must earn at least 1250 SAT (minimum score of 590 on Evidenced-Based Reading and Writing and 560 on Math) or a 26 ACT composite
2. **Be sure to have your test scores sent all schools you are applying to.** Even if you have your scores sent to a school, you can still apply test-optional. If you indicate you are applying test-optional on the application, the college will not consider your scores in the admission process.
3. If you are registered or will register with the NCAA Eligibility Center to participate in Division I or II college

athletics, they do not require test scores this year to determine eligibility.

4. Testing policy update: Purdue University expects applicants to have SAT or ACT scores.

TEST-OPTIONAL ADMISSIONS

Many colleges have implemented a Test-Optional policy for admission. Test-Optional means you decide if your test scores will be used in the admission process for that school. For test-optional schools, we recommend that you read each school's explanation of the policy on their admissions webpage. Pay special attention to the statistics posted regarding the average SAT and ACT scores of admitted freshman students. Look for the freshman class profile on their website. This will help you know how your test scores compare to those of admitted students. You must decide if your test scores strength or weaken your application. If you indicate that you do not want your test scores used in the review process, the academic focus on your application will be on the level of rigor of the courses you have taken, how you have performed in courses related to your intended major, grade trends (consistency, improvement) and your overall GPA. If you need help deciding whether to use your test scores or not, please talk to your school counselor. ****Please note, applying test-optional may impact scholarship consideration and direct-admit to certain programs at some schools. Be sure to read all information each school provides regarding test-optional policies, procedures, and restrictions.**

COLLEGE APPLICATION TIMEFRAMES

As you have probably encountered, colleges and universities use a variety of processes to admit students. Below are a few of the terms used regarding application types and timeframes. If you have questions regarding the best time to apply to a specific school, please consult your counselor.

Rolling Decision (ROLL): Applications are processed as they are received. Notification of a decision will be within a couple of weeks to months, depending on the time of year. Schools that use this application process typically have a pre-determined set of academic standards students must meet.

Early Decision (ED): This is a legally binding application period and is the earliest possible application period. Students may apply to only **one** school ED and should apply only if they are absolutely committed to attending that school if admitted. Some selective schools may further restrict students from applying to any other school during their Early Application period. Be sure to read and understand each school's policy. An ED form must be signed by the student, a parent, and the counselor and submitted at the time of application.

Early Action (EA)/Priority: This is the earliest non-binding application period. The deadline for EA is usually in November, and notification of a decision is usually in December. Schools that use this application employ a holistic approach and determine the standards for admission based on the quality of the applicant pool as a whole.

Restrictive Early Action (REA): Students applying Restrictive Early Action to a school *may not* apply to any other college or university during their *binding Early Decision* process. Some selective schools may further restrict students from applying to any other school during their Early Application period. Be sure to read and understand each school's policy. Notre Dame utilizes Restrictive Early Action.

Regular Decision (RD): This is the later, non-binding application period. The deadline for RD is usually December 31 or later, and notification is in March or April. Schools that use this application employ a holistic approach and determine the standards for admission based on the quality of the applicant pool as a whole.

WHERE TO FIND SCHOLARSHIPS

Scholarships are awarded by colleges, businesses, organizations, and individuals. The criteria for scholarships vary, depending on the objective of the sponsor. Places to seek scholarships include:

Colleges: Colleges offer several types of scholarships: merit/talent, departmental, athletic, and academic. Scholarship information should be available on the Financial Aid portion of the school's website. Some scholarships are automatic and are awarded at the time of application for admission. Others may require supplemental applications, interviews, and/or auditions. Exhaust all possibilities of scholarships offered through the colleges. These scholarships tend to be generous and renewable for up to four years.

Parents' places of employment: Many businesses and corporations offer scholarships to their employees' dependents. Check with human resources.

Student's place of employment: Many businesses and corporations offer scholarships to their employees. Check with human resources.

Clubs/organizations to which parents belong: Many organizations offer scholarships/grants to members' dependents. Check with club officers or the national/state chapter.

Internet Searches: The Internet is an endless source for scholarship information. It is advised to have more than one account with online searchers. A rule of thumb when searching for scholarships is to never pay to apply for a scholarship, nor pay for a scholarship search. A few reputable websites are: <https://student.naviance.com>, www.collegeboard.org, www.commonapp.org, www.fastweb.com, www.college-scholarships.com, and www.indianacollegecosts.org.
