MATHEMATICS														
**ALL Math courses are required to have a <u>graphing calculator</u> . We recommend the, TI 84C, or TI 84+ or TI 84+CE. These are the ones the teachers will use in class. If your student chooses a different calculator, they will need to learn how to use it on their own. We will engrave the calculators with the student's name. TI-Nspire is harder to use and is not allowed for portions of the PreCalculus and Calculus classes. If you have any questions, please contact Susan McTague at smctague@bishopdwenger.com.
